Split UP: The Teen Years is a sequel to the award-winning film **SPLIT**.

The same kids, ten years later, are even more articulate than in their younger years and have the entirety of their childhood to reflect on.

SPLIT UP is a practical and emotional roadmap for other kids and teens navigating divorce and a cautionary tale for divorcing parents.

SPLIT UP is a compelling and instructive look at the long term effects of divorce on children.

All training events will be scheduled on a first-come basis and delivered virtually on the Zoom platform, with a limit of 50 participants per training.

**To secure your training date, please contact:
